Fur real? The pair play up on their wild weekend

Party soulmate?

The 18-year-old model is said to love a good time as much as Scott.

INTR

Scott TEEN

The hard-partying star puts a ring on it... but is it for real?

Scott Disick seemed to come to his senses for a moment, declaring in June that partying nonstop wasn't "what I wanted to be doing with my life", adding, "It's getting to the point that it's not that cute."

But he sure has a funny way of staying on the straight and narrow! Yep, fresh off the back of his hot new romance with 18-year-old Lindsay Vreckovnik, we hear he's done a full-on Britney and married his new teen love in a boozy Las Vegas ceremony! WTF?!

The naughty nuptials allegedly took place during the wild weekend bender that saw Scott partying with the Canadian model in New York until 6am on October 1, kicking on in Miami and, eventually, ending in the quickie wedding capital!

"They were partying all night and kept at it through the morning, and the word is that Scott proposed at the breakfast

table," reveals our insider.

"Then he whisked her off to seal the deal. But everyone in his world thinks it's more about lashing out at Kourtney than it is about Lindsay."

Indeed, while it's not known if the quickie ceremony is legally binding, one thing's for sure. Given Kourt's constant refusal to marry him over the years, Scott's nuptials with Lindsay look to be a huge "F**k you!" to his ex.

'HE'S OUT OF HIS MIND WASTED MOST OF THE TIME'

And, according to his pals, he's going to be gutted when the booze wears off.

After all, he was clearly upset after his July split from Kourt, with whom he'd spent nine

years and had three kids – Mason, five, Penelope, three, and Reign, 10 months.

But since Kourtney kicked her cheating beau to the kerb after he was busted getting cosy with former flame Chloe Bartoli in France, Scott further severed his chances of a reunion even further.

Now, by putting a ring on Lindsay, who's half his 36-year-old ex's age, Scott's well and truly burnt his bridges with Kourt.

PRODUCING t's new BRIDE!

Scott's latest stunt is the final straw for long-suffering Kourtney

But things could be about to get a lot more complicated, amid reports Kourt's still waiting for her period after an accidental hook-up with her ex a couple of months back!

Meanwhile, Lindsay shouldn't get too into the idea of becoming a stepmum – our insider says “all bets

are on it crashing and burning before long”.

“The general consensus among Scott's group of friends is that he's thinking with his libido,” notes the source. “And he's also pretty much out-of-his-mind wasted most of the time.”

He sounds like a real keeper, Lindsay! ■

DOESN'T SHE LOOK A LITTLE FAMILIAR?

Twisting the knife even further, Scott's new squeeze Lindsay resembles a blonde version of Kourt's 19-year-old sister Kendall – who he's long been rumoured to have the hots for!

“It confirms Kourtney's worst suspicions about Scott, who always denied hooking up with or even crushing on Kendall – even though Kourt was being told there was something going on,” adds our Kardashian confidante. “She's so done with Scott and his humiliating behaviour, but seeing her with this girl was the final straw. Any softness towards him has gone out the window now. She's ready to go to war with this creep.”

Corey and Kris say, 'I do' too!

Her daughter's estranged partner isn't the only one with wedding news – Kris Jenner's reportedly made an honest man out of her beau Corey Gamble!

The former road manager, 34, was spotted rocking what looked like a wedding band as he escorted his 59-year-old ladylove to Paris Fashion Week.

Kris is rumoured to be keeping it quiet to capitalise on it later.

“She told her kids it's just a bonus that their wedding will make them a lot of money because she's legitimately in love,” insists an insider.

Did momager Kris put a ring on it?

'OUR KIDS

Ahoy there, Biebs! Taking a vacation from life and pants, Justin Bieber rocked out with his crotch out in Bora Bora last week – and it's got us all hot and bothered.

The 21-year old crooner certainly wasn't holding back as he enjoyed a dirty weekend in a private bungalow with rumoured on-off girlfriend, British video blogger Jayde Pierce, 19.

That's right – as you can see from these pics, Biebs put on a stellar full-frontal show!

Unsurprisingly, the X-rated snaps quickly sent the internet into meltdown, spawning hilarious memes and comments.

"Our kids will ask us, 'Where were you when you first saw

Justin Bieber's penis?'" tweeted BuzzFeed's David Mack, while another user rejoiced, "I've seen Justin Beiber's penis #blessed."

Even UK radio DJ Nick Grimshaw weighed in, sparing Biebs some embarrassment by scribbling a pair of cartoon shorts over the NSFW images!

Inevitably, though, it also left many questioning whether the pics were staged to, er, boost Biebs's image.

"Needs to promote his new album now that 1D will release on the same day," wrote one sceptical forum user.

And did Justin's eggplant – as it's been dubbed, thanks to the image originally used to censor it – have a little prep work before making its public debut? Guess we'll never know... Sigh. ■

Posh
& Becks

IS IT ALL OVER?

After months of fights and drama, are the star couple finally giving up?

They've been together 18 years, had four kids and even weathered a cheating scandal, but it seems

David and Victoria Beckham may be done beating the odds.

Following months of fighting – exacerbated by long periods of separation while focusing on their respective careers – insiders have confirmed the pair could be just days away

from publicly announcing their split. Nooo!

"Everyone's in total shock that it's come to this," a long-time pal tells us exclusively. "They've had their fair share of ups and downs but they've always worked through it in the past. This time it's different."

In a desperate bid to keep a lid on the news, Victoria's been doing her best to put

The way they were

We've been entranced by the romance of Goldenballs and Posh – their highs, lows, celebrity megawattage and those four beautiful kids. Can this really be the end?

With their 1999 nuptials weeks away, David and Victoria glow!

Looking hot and making inroads in the US with Brand Beckham in 2003

The Beckhams amp up the star power with their pals Connor and Tom Cruise, taking in a hockey game in LA in 2013

on a brave face while out in public.

"David and I have nothing to prove," the 41-year-old said last week, conceding that "it's hard" to keep her marriage on track.

"I'm blessed to have a wonderful husband and beautiful, healthy, happy children," she said. "Yes, we travel a lot with our respective businesses and charitable commitments. But we always make time for each other as a couple and as a family."

But recent photos tell a different story. Posh and Becks were all smiles for the camera at Victoria's London boutique last month, but in candid moments their faces were stony.

Divorce lawyers will have a tough job divvying up their combined \$1 billion fortune and custody of Brooklyn, 16, Romeo, 13, Cruz, 10, and Harper, four.

But in true Becks style, it'll be a united front to the end. "Victoria will do anything to keep things as private as possible," our insider adds. "They've spent months trying to bridge the huge gap that's grown between them, but everyone's noticed that the more they try, the less they seem interested. They're not even fighting anymore. It's like they've just given up."

Sniff. ■

Taylor & Calvin

The pics that prove it's over

They haven't been seen in public together since August and whispers that Taylor Swift has given boyfriend Calvin Harris the flick have reached fever pitch!

After he was caught sneaking out of a seedy Thai massage parlour that's said to offer the "best happy endings" in Hollywood, it seems the squeaky-clean singer has kicked the dodgy DJ, 31, to the kerb. Who could blame her?

"She and her team have made it very clear to Calvin what's acceptable behaviour, but he just keeps screwing up," a close pal reveals.

It's been two months since they shared a pic together on the 'gram

Photo: Instagram

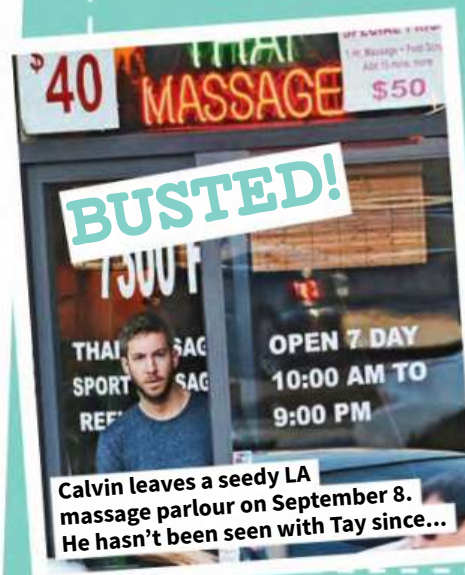

"Over summer there were stories he was still sexting his old club girlfriends and he's been seen out partying with various women. It's been one thing after another."

Tay, 25, has made it known she has zero time for cheats. "I can't deal with someone wanting to take a relationship backward or needing space or cheating on you," she declared. "It's a conscious thing, it's a commonsense thing."

It's certainly not the Scot's first offence. In May he partied with a bevy of beauties in Las Vegas.

But you can bet Taylor won't be single for long. Her squad's all set to distract her and, adds our source, "She's got guys queued around the block begging for dates!"

Watch out, Cal – we smell a revenge song...

Calvin leaves a seedy LA massage parlour on September 8. He hasn't been seen with Tay since...

Feeling tired, sore and alone, the star's had enough

She's usually front row, centre at Paris Fashion Week, but this year's cool couture extravaganza was a Kim Kardashian-free zone!

Feeling too frumpy for the front row, Kim spent much of her alone time at home in LA posting throwback snaps of her and Kanye at previous Paris Fashion Weeks – when she was slimmer – on Twitter and Instagram.

and sister Kendall Jenner, 19, poor Kimmy was back in their LA home posting retro photos of herself on social media.

"The thought of two more months of this has her in tears all the time," reveals a family insider, confirming that Kim's at a new low. "She even begged Kanye to take her to the hospital to be induced. She feels completely abandoned, fat and totally alone."

In fact, the 34-year-old – who's expecting a boy – finds being knocked up intolerable, even taking to her blog to vent in a

post titled "How I Really Feel About Being Pregnant!"

"Pregnancy is the worst experience of my life," she writes. "I don't enjoy one moment of it and I don't understand people who enjoy it. Maybe it's the swelling, the backaches or just the complete mindf**k of how your body expands and nothing fits. I always feel like I'm not in my own skin... I feel insecure and most of the time I just feel gross."

Chin up, Kimmy – not long now! ■

Bum's the word for KoKo!

This is how we all look while we're working out, right? Right?! While Kim's struggling to come to terms with her fuller figure, Khloe, 31, can't stop crowing about her new slimline bod!

She flaunts her lean limbs, toned tum and crazy curves in a new workout vid from her recent holiday in St Barts. Well, with a body like that... C'mon, who wouldn't?!

Work that booty

After her warm-up, Khloe went for a run in her swimmers and sneakers!

Lily stole the front row at the Chanel show last week

Johnny's FEAR FOR LILY-R

She's only a teen, but dad smells danger for fashion's hottest up-and-comer

Drugs, dangerous diets and wild parties are all par for the course in the hedonistic world of high fashion. So you can hardly blame Johnny Depp for flying into protective-papa mode over his 16-year-old daughter Lily-Rose!

Yep, the actor's freaking out big-time that gorgeous Lily – who's been hailed as Chanel's latest muse following her sensational appearance with mum and ex-model Vanessa Paradis at Paris Fashion Week – could be headed off the rails! After all, having dated wild-child supermodel Kate

FOR HER OWN GOOD

Johnny is worried Lily, who's at an impressionable age, will fall in with the wrong crowd. "Johnny just doesn't want to see his girl all washed up by the time she's 25," says our insider.

Moss, the 52-year-old says he's all too aware of the pitfalls, "especially... at this age".

"Kate told Johnny quite a few horrifying stories when they were dating – things like models surviving on cocaine, champagne and stopping their hunger pangs by eating tissues... It's not all glitz and glam," a source reveals.

Although we think of veteran Kate, 41, being bulletproof, she's admitted to having suffered "a nervous breakdown" early in her career, after being coerced to strip off for her iconic 1992 Calvin Klein shoot.

And with Mossy having weathered more than a few scandals of her own, Johnny's asked his ex to sit his young daughter down for a heart-to-heart.

"Kate is probably the

most successful and longest-lasting model in history and she knows that dangers of the industry better than anyone," our source adds. "Johnny wants Kate and all her model contacts to keep an eye out for Lily and has asked her to give Lily some honest words of advice."

His biggest fear? That his girl should fall victim to the industry's hedonistic trappings.

"It's no secret it's a scene where drugs, drinking and starvation thrive," adds our insider.

"Johnny's had his own battles with addictions, so there's no way he's not going to sit back and let that happen to his daughter!" ■

Johnny's asked Kate, of all people, to keep his girl on the straight and narrow

IT'S NO SECRET IT'S A SCENE THAT REVELS IN DRUGS

AND HE WOULD KNOW!

Do as he says, not as he did – as Johnny and Kate's romance was allegedly fuelled by drugs and alcohol. "He was once the biggest playboy in Hollywood, so he knows exactly what Lily's dealing with – and it terrifies him!" spills our source.

~ Sam Frost ~ **SEXY IN** *six weeks*

The Bachelorette reveals how she got her hottest body ever!

Petite yo-yo dieter Sam Frost lost 12kg after her stint on *The Bachelor* last year – but, as often happens, the weight was slowly creeping back on.

“I gain 3kg and lose 3kg easily – I’m just always fluctuating,” she tells NW.

So when *The Bachelorette* came a-knocking, with her as the leading lady, she wanted to take action – and fast!

“Just before I started filming *The Bachelorette*, I did the 6 Weeks To Sexy bootcamp,”

she says of her intense regimen. “It was five days a week, with classes at 5.45am on Mondays, Wednesdays and Fridays, then at 6.30am on Tuesdays and Thursdays.”

So was it a shock to the system?

“I was the least fit there and I lagged behind a bit!” she laughs. “I was a bit self-conscious but it worked. It was great.”

However, the personal trainer behind the program, Blake Worrall-Thompson, says Sam was already in good shape and just needed to improve her fitness levels

Now

**Before
Bachie**

Sam's meal plan

"I try to be good, but I'll still let myself have things like a burger when I want one!" says Sam of her new diet. "It's all about balance and I try not to put too much pressure on myself."

BREAKFAST "Coffee with sugar and three scrambled eggs – if I'm really hungry I'll have avocado as well. And if I'm hungover I'll have egg, bacon and toast with butter. Delish!"

SNACK "I snack on mixed nuts and I love trail mix with dark chocolate."

LUNCH "I'll make a giant salad to eat throughout the week, which will include chickpeas, quinoa, coleslaw and avo. Then I'll chuck in something like salmon."

DINNER "I make salmon – I eat a lot of salmon! – or have something like steak with veges. I also like vegetable stir-fries as well, without rice."

TREATS "I'll have dates instead of chocolate, which works until I go a bit crazy and eat too many!"

with "consistent training" and improve her diet.

"To drop the body fat and get herself primed for the show, Sam had to start making much better choices," says the fitness guru.

And that's something Sam – who was at her heaviest after *The Bachelor* thanks to "eating chocolate every day and heaps of bread" – has proudly managed to stick to.

"I didn't eat a single bit of junk food at all, which is huge for me," she adds.

And it looks like all the hard work has paid off because not only has she bagged her dream man, Sam's also feeling confident about her hot summer bikini body.

"I've been fitter before, but I'm really happy and healthy at the moment and I love that I can go out for dinner and have a wine with my girlfriends. I think it's great to have that balance."

"I'm loving this weather and getting out in my bikini again!" she says. ■

Get fit, look fit!

"I do a cycle class twice a week and I've been going on 10km walks in Melbourne with my sister recently," Sam reveals. "I try to do something active every day but I don't beat myself up if I don't make it to the treadmill. In terms of beauty, I have spray tans every three or four weeks or when I'm going to an event. I love manicures, but I'd never have anything like fillers or Botox, because you don't know what it's going to do to your body! My face is really bare without make-up because my eyebrows are fair, so I get them tinted and I have them threaded."

Self-confident Sam posted this make-up free selfie last week

LOST 7KG

Heather

Finding love sure suits leggy Heather Maltman, 29, who's been cutting a fine figure on the red carpet with new man Andrew Steel. She's also been hitting the battle ropes, which are great for weight-loss and toning! "There is nothing sexy about using your chicken arms to throw ripples in a rope in order to get fit!" she jokes.

LOST 8KG

Lana

Comparing being in the mansion to being on holiday, 27-year-old Lana Jeavons-Fellows tell us, "You're out of your routine. We could order whatever we liked to eat and had an abundance of cakes!" She detoxed during a recent trip to Bali and does intense workouts, including squats, mountain climbers, lunges and burpees.

LOST 8KG

Sarah

Sarah Mackay, 26, says she fell victim to too many Tim Tams in the house. "I can see from the first episode to near the end that there are definitely a few kilos on my face!" says the stunner, whose personal-trainer sister Rosie's whipped her back into shape! "Never get into an argument before you train with your sister," she jokes.

What Sam

Alex

Why he could win

"He's got such a good sense of humour and he's completely charming. I love how intelligent he is and, well, he ticks all the boxes. He's an all-round great guy!"

Why he won't

"I would like to see a more relaxed and fun side to him, he's such a lovely guy but I want to know that we can be a bit silly together, so time will tell."

The Bachelorette spills on her five surviving hotties – and the very lucky winner!

While we could see Sam Frost with any of the five eligible Bachies left standing (OK, some more so than others!), there can only be one. And let's just say she's not afraid to make some difficult decisions in the next few episodes.

"You might have a physical attraction to someone, but then realise that there isn't that depth," Sam hints as she sits down with NW for her most candid chat yet.

"I want this relationship to last the distance and not just be someone I'll date for a while."

Richie

Why he could win

"When we spend time together we just laugh and laugh. We have so much in common and I'm really physically attracted to him. There's a lot of chemistry, and while he was a bit awkward at the start, as he started to feel more relaxed I saw this beautiful side to him."

Why he won't

"Richie living in WA is obviously a consideration, but that's just what happens in relationships – you have to compromise sometimes. That wouldn't put me off, though, because I'm open to moving. I moved to Sydney from Melbourne and I'd be open to moving again."

Michael

Why he could win

"The more time I spend with Michael the more interesting I find him. He's very genuine, honest and gorgeous. People might put him in the 'fame' category because he's been in the limelight for his career, but I don't think that's his motive. I have loads of chemistry with him. It's exciting!"

Why he won't

"I don't think there's anything wrong with being the girlfriend or wife of a footballer, but I find it offensive when people say that's what I'm looking for. I think I have a lot more to offer in a relationship than being a trophy wife. I like to be on an equal playing field."

really thinks!

Luckily, she's head-over-heels with her final choice!

"We're in our own little love bubble, we're crazy in love!" says Sam, 26. "We're always FaceTiming and speak every day."

"We haven't been able to see each other for a few weeks now because we don't want to get caught. But when we were having little rendezvous it was amazing."

And following her recent revelations about their bedroom antics, Sam gets the giggles as she dishes even more about her sex life.

"OK, so I know I said it was six times a day, maybe I was exaggerating a bit. Maybe it's

more like five-and-a-half!" she laughs.

"We're having fun. We're pretty lucky because we've got a really strong relationship."

We miss each other, but we're just embracing the time apart at the moment because it'll never be like this again.

"I just hope we can be as happy as Sam and Snez!"

Aw, we can't wait to

see Sam with her man – especially as it sounds like a wedding is on the cards.

"We haven't decided exactly when we'll get married, but we're going to be together

for years and years.

I know he feels the same way," she gushes.

"Our conversations tend to move towards talking about the future. I've told him that I might propose to him and he's like, 'Oh righty-o!' I'm certainly not a traditional woman!"

So who's the mystery man who's stolen Sam's heart? She can't tell us, of course, but here she shares the thought process that led her to her one true love...

The Bachelorette Wednesday and Thursday 7.30pm on Ten

I'VE TOLD HIM THAT I MIGHT PROPOSE TO HIM'

Dave

Sasha

Why he could win

"He's just gorgeous, he's such a big softie and has a heart of gold. I'd say I have the most chemistry with him and Michael. It doesn't bother me at all that he's so popular with women. I think it's quite nice people are loving Sasha!"

Why he won't

"Sash struggles to open up with his feelings and let his wall down. He needs to be more open so I can see how he feels about me. But it's a unique situation. I was the same on *The Bach* – I struggled to let my feelings out as well."

Meet Sasha's other woman!

Sasha dropped a bombshell on Sam by revealing he's been engaged previously, but the Bachelorette will be pleased to hear they're no longer in contact.

"I don't speak to her anymore," he says. "Things just didn't work out. We were two different people. I have nice things to say about her, but when two people don't end up being compatible you've got to figure out when to call it a day."

Why he could win

"Dave is such a nice guy, he's so down-to-earth and a true-blue Aussie with a heart of gold. He's really cute and makes me laugh. We have a great friendship."

Why he won't

"I now need to find out if we've got that physical chemistry because friendship is not enough if you want a long future with someone! I'm really looking forward to spending some more time with him to see how that develops."

Is this the girl who broke Sasha's heart?

After months of whispers that they're desperately trying to start a family, newlyweds Cameron Diaz and Benji Madden decided to blow off some steam with a wild night of fun!

But it seems a few cheeky drinks might have gotten the better of Cam, as Benji was forced to go to his wife's aid when she took a spill outside The Nice Guy bar and restaurant in West Hollywood.

Ouch! And we thought the chivalrous hunk's new skull tattoo looked painful!

Well, it's not like the veteran party girl's unaccustomed to the odd tippie

Benji is determined to get Cam to the car in one piece

Are Cam's baby frustrations behind her latest hangovers?

Cam parties the pain

tumble – after all, 43-year-old Cam admits she once drank so much she got alcohol poisoning, revealing, “I thought I was dying.”

But after months of stressful, unsuccessful IVF treatment in a bid to have the baby she and Benji want so badly, it's hardly surprising the blonde bombshell was keen to let her hair down before starting the next round.

Despite the disappointment taking its toll, Cam and her beau – who tied the knot just one month after getting engaged last December – aren't giving up on their dream of becoming parents. While Madden Brothers guitarist Benji,

36, openly admits, “I love kids,” adding that fatherhood is “what every man wants, whether they admit it or not”, our source says Cam is doing everything she can to fall pregnant, including “working out, eating fertility-boosting foods and even scheduling sex”!

Yep, despite her age, the actress is hell-bent on being a mum, once insisting, “I'm certain that if at any point I wanted a child, that child would find its way into my life.”

Now that she's got the night of naughtiness out of her system, fingers crossed she gets the ending she's hoping for. But remember Cam, once those bubs arrive, the boozy nights will be a thing of the past! ■

Emma gazes adoringly at Roberto after a romantic lunch in LA on October 4

Meet Emma's new Harry Potter hottie!

Look away, Ron Weasley – your girl's moved on!

Looks like someone's love potion has worked a treat – because Emma Watson's bewitched a hunky new man!

Stepping out in Los Feliz, LA, after an intimate lunch, the stunning actress looked enchanted by her buff beau Roberto Aguirre.

The handsome Mexican actor reveals he and Em had instant chemistry when they met on the set of *Harry Potter And The Goblet Of Fire* in 2012.

"I was doing an internship in the special effects department at the time," Roberto says. "We had a chance encounter

that led to us spending half a day together exchanging stories and dance moves. We never really lost touch and now she's one of my best friends."

Now it looks like cupid's arrow has struck the pair hard! And we couldn't be more excited for the English rose, whose love life has been on ice since last year's "horrendous" split from rugby player Matt Janney – which literally left her lost for words.

"I went on a silent retreat... to figure out how to be at home with myself," Emma says.

So did Roberto, 27, need a vial of Felix Felicis to convince the beauty to give their romance another shot?

"You won't believe me, but it's really very much to do with

their personalities," Emma says of her taste in fellas. "If someone's nice to look at, it gets boring after about 10 minutes."

"It's a slow-moving romance, but over the summer she and Rob really got close," an insider adds.

"Things went from platonic to something more when he visited her in London while she was filming in June.

"He makes her laugh and is so relaxed and chilled. He's incredibly well-read and keeps up with her intellectually, plus they're both actors so they have a lot in common."

Well, he may not be Rupert Grint, but we reckon this has "happily ever after" written all over it! ■

Emma's flexible career

She's already a successful actress with a university degree in English literature under her belt, but now over-achiever Emma's adding "yoga instructor" to her resumé!

"I'm a massive yoga fan and I've been trying for a couple of years now to finish my yoga certification so that I can teach, which is very exciting," she says. "As part of that certification I went into a week of meditation teaching, which was amazing and a super-great experience." Namaste, Em!

IS LEO off the market?

Well, knock us down with a feather! We never thought we'd see the day, but it seems serial pants man Leonardo DiCaprio is finally hanging up his ladies-man trousers for good! Yep, sources say

he's popped the question to his bikini-model girlfriend-of-four-months Kelly Rohrbach, 25.

Noo! Read it and weep – Kelly and Leo are playing for keeps!

"It wasn't planned. It just happened," a source told *US OK!* magazine. "They were enjoying a bottle of red and engrossed in conversation as usual... And then Leo paused and looked at her and said that he wanted to spend the rest of his life with her... Kelly's incredibly smart, and she really understands Leo... They connect on an intellectual level."

What's more, the smitten kittens are already discussing wedding plans, but don't go out and buy a hat just yet!

"Nothing is set in stone," adds the insider, who says the couple love the idea of an intimate, private ceremony or even eloping.

OH, BEN! NOT AGAIN!

Look away, Bennifer fans – because Jennifer Garner and Ben Affleck's reunion may be over before it began! Yep, despite talk the pair were considering giving their 10-year marriage another shot for the sake of their kids Violet, nine, Seraphina, six, and Samuel, three, he's reportedly been getting friendly with a mystery blonde.

Ben, 43 – who enjoyed a steamy fling with the family's nanny Christine Ouzounian, 28, earlier this year – was spotted at The Beverly Hills Hotel with the woman in question last week. And they weren't going over scripts!

"They were both dressed really well, like they'd just come from a fancy dinner. She was in a short, tight black cocktail dress and he wore a suit but no tie," a witness tells *US mag Star*, adding that they couldn't wait to get into their room to continue the party in private. "They looked ready to be alone."

Given rumours Jen, 43, might be preggers after some cheeky make-up sex, it looks like things could get a lot more complicated!

Ben may have ruined any hope of reconciliation

1 HAS CHRIS FOUND THE SECRET TO ETERNAL YOUTH?

Looking at a throwback snap *Jurassic World* hunk Chris Pratt shared from a high school yearbook, we'd have to say yes!

"Before selfies, this was what 13 looked like," he wrote.

And it turns out he shared the adorbs Instagram post

during Anderson Cooper's CNN special *#Being13: Inside the Secret World of Teens* – which featured a study on the ill effects of social media on teenagers, presented by none other than Bob Faris, Chris's wife Anna's sociologist dad!

3

ARE AMY & JEN THE CUTEST BESTIES EVER?

You betcha – in fact, these two have us suffering from some major BFF envy!

The pair spent some quality sister-from-another-mister time together, taking J-Law's pooch Pippi out for a walk in Atlanta, Georgia, where Jen's shooting her flick *Passengers* with Chris Pratt.

Joining the girls on their hike were Amy's actual baby sis Kim Caramelle and *Parks And Recreation* star Aziz Ansari, who, like Amy, was in town for the Oddball Comedy Festival.

Of course, Oscar-winner Jen, 25, has been tight with Amy, 34, ever since she crashed the *Trainwreck* funnywoman's Hamptons summer vacay back in August.

Since then, they've not only danced on Billy Joel's piano together but have even co-written a screenplay in which they plan to play actual sisters!

"She's the coolest chick you'll ever meet," Amy told *Vanity Fair* of her girl crush.

That makes two of you then, girlfriend!

2

IS KYLIE'S NEW MAN ALREADY MARRIED?

She's only just gone public with her much younger new beau, English actor Joshua Sasse, but Kylie Minogue's already dealing with rumours of marriage – just not hers!

Pics of Joshua, 27 – who met Kylie, 47, when she appeared on his music comedy series *Galavant* – from as recently as July reveal a gold band on his ring finger!

What's more, he even referred to his "wife" in a magazine interview back in August. WTF?! Could this be another strike for the unlucky-in-love singer?

Is Ms Minogue's new man a rogue?

Dog squad

Is it just us or has J-Law's friendship with Amy put a smile on Pippi's dial, too?

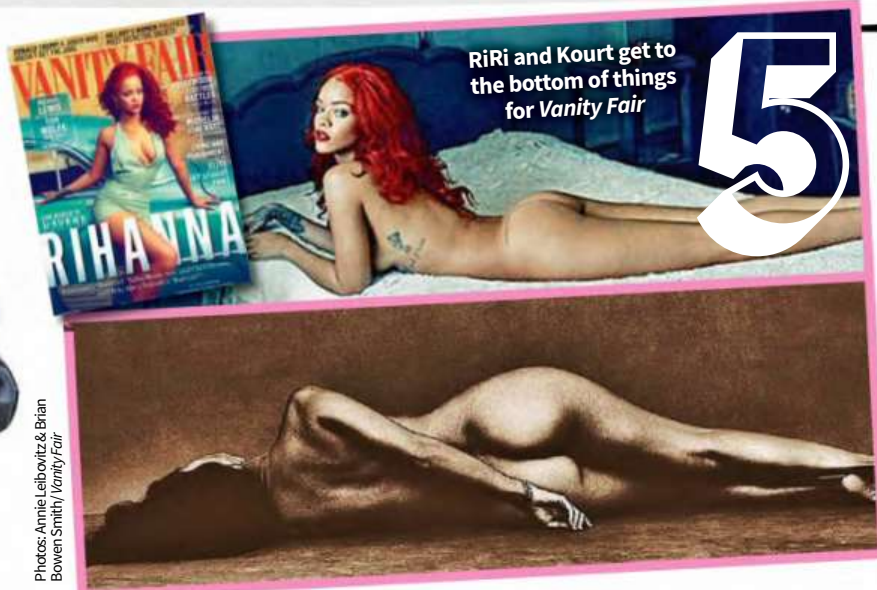

IS TORI TELLING THE TRUTH?

90210-No! Well, so says a pretty defensive Jason Priestley of *Tori Spelling's* claim they had sexy times back in the day!

Yep, during the Lifetime special *Tori Spelling: Celebrity Lie Detector*, the actress let slip that she bedded two of her *Beverly Hills, 90210* co-stars – her then-boyfriend Brian Austin Green and the stunningly coiffed Mr Priestley!

"It was a summer fling. It was off-set. It was our version of a summer romance. The 90210 version," *Tori*, 42, says of her time with Jason.

But when asked if she was telling the truth, 46-year-old Jase tweeted. "I'm not getting into this... It's nobody's business... Either way."

RiRi and Kourt get to the bottom of things for *Vanity Fair*

WHO HAS THE BETTER BUM?

They've got two of the best bods in showbiz so it's no shock to see *Rihanna* and mum-of-three *Kourtney Kardashian* flaunting what their mamas gave them – yep, the *Bitch Better Have My Money* singer, 27, and reality TV mum-of-three, 36, have both stripped off for *Vanity Fair*!

RiRi, who graces the cover of the November issue, was shot by celeb snapper *Annie Leibovitz*, while *Kourt* disrobed for photog *Brian Bowen Smith's* arty *Metallic Life* series – and it had her ex *Scott Disick* drooling!

"Now that's 1 hot mama," he wrote on Instagram.

IS MILEY CLEANING UP HER ACT?

Erm, not quite! She hacked off her locks and killed her good-girl image one twerk at a time, but now Miley Cyrus appears to have resurrected her *Hannah Montana* look! Don't get too used to retro clean-cut Miley, though – the singer's simply sporting this brunette wig for an episode of *Saturday Night Live*. In one skit, the 22-year-old – in true Miley form – fakes an orgasm while hanging with friends at a diner. "That's actually what I do when I fake it," she wrote on Instagram. Yup, homely Hannah's gone for good!

HAVE PERRIE & ZAYN MOVED ON WITH LOOK-ALIKES?

They ended their engagement two months ago, but Perrie Edwards and Zayn Malik have already moved on – and they've both clearly got a type!

After Zayn, 22, shared a cosy snap with new girl Carlyn Bryan – who could pass for his ex's identical twin! – the 22-year-old Little Mix singer hit back by cosying up to Zayn-alike hairstylist Aaron Carlo outside Steam And Rye nightclub in East London!

Gosh, guys – why did you even bother breaking up?

8

HAS AMBER FORGIVEN KANYE?

Amber Rose has finally spoken out about the pain she felt when her ex Kanye West claimed that he had to take "30 showers" following their split before Kim Kardashian would touch him!

"I want to forgive Kanye for what he said about me," she told the crowd – through sobs! – at SlutWalk, her women's rights event in LA. "I want to let all that negativity go."

But while Amber wants to move on, her mum Dorothy still held a grudge – oh, and a sign reading, "F**k yo 30 showers!" Burn!

We were beginning to think that all Britney Spears does is work, bitch, but apparently she does take time off occasionally – and spends it with her new bestie, fellow noughties It-girl Kate Hudson!

The bubbly blondes teamed up for a game night at Kate's Pacific Palisade pad before taking to social media to make their newfound, um, womance official.

"That moment when @britneyspears shows up to your game night and your all like #itsbritneybitch," Kate, 36, wrote on Instagram, with Britney, 33, adding, "Two blondes... Too much fun. Loved hanging with you last night @katehudson!"

DID BRIDE BELLA SNUB HER FOLKS?

Tom Cruise and Nicole Kidman's daughter Isabella just flipped her parents the ultimate middle finger – by not inviting either of them to her wedding to beau Max Parker!

Adding insult to injury, not only did Tom foot the bill for the 22-year-old's nuptials last month – at uber-posh London hotel The Dorchester – but Nicole was even in town at the time. Awks!

And while insiders maintain there's no bad blood and that Bella simply wanted an intimate ceremony in front of her closest friends, it will do little to scupper rumours that her controversial religion has caused tension with her mum, who was actually in London on Bella's big day.

"I have two children who are Scientologists... I've chosen not to speak publicly about Scientology," Nicole has said.

Yikes. Sounds like it's a touchy subject...

on's new r couple?

Style-ophiles are abuzz with whispers Miley's ex and her beautiful bestie are more than just friends!

The fashion world is notoriously competitive, with models regularly getting their claws out on and off the catwalk – but it seems nobody's told Bella Hadid and Miley Cyrus's ex Stella Maxwell. These fierce femmes are acting more like smitten kittens than catfighting divas – and it's raising eyebrows everywhere they go!

The Victoria's Secret models looked super cosy as they left the Balmain show arm-in-arm – with lady-loving Stella even nuzzling her gal pal's neck – at Paris Fashion Week, prompting talk that Bella's fella The Weeknd might have some competition on his hands!

Indeed, their constant canoodling was getting more attention than the clothes!

"These two are so touchy-feely with each other – everyone was talking about at the shows," spills a backstage insider. "They spent every spare minute together and everywhere they went they were holding

hands or had their arms around each other."

Their Instagram accounts are also bursting with PDA-heavy snaps together.

"Stella baby <3 Sweetness," flirty Bella captioned one of their many cosy selfies, writing alongside another, "She literally stalks me."

And with whispers that Bella, 19, may be about to land a coveted spot beside Stella, 24, at the annual Victoria's Secret Fashion Show next month, these two look set to become the most powerful duo in the modelling world!

What's more, while Miley's crushed by their cosy antics (see right), Bella's muso man – who's built a whole career on tracks about cheating and raunchy sexcapades – couldn't be more supportive of her getting some girlie action!

"He's a very cool guy and extremely sexually liberated – more than likely he'd be happy to share her with Stella," adds our insider.

"They're both very much a part of the new fashion It-girl pack, but if they do start dating there's no doubt it will catapult them into an entirely new league." ■

Miley's heartbroken

Miley may say she's happy playing the field, but it looks like she's missing her ex Stella something fierce. Days after the Fashion Week snaps emerged, the twerker broke down on *Saturday Night Live* during her performance of *Twinkle Song*, in which she sings, "You're the queen... I miss you so bad, I think I might die."

GOING FOR BROKE?

Kylie's a week h

The big spending reality star's burning through her millions at an alarming rate

Going from fresh-faced teen to savvy businesswoman in little more than a year, Kylie Jenner's risen through the ranks to become one of the Kardashian clan's biggest earners.

Thanks to six-figure endorsement deals, lucrative appearance fees, a chart-topping smartphone app and her own make-up line, she's worth around \$7 million and counting.

But holding onto the big bucks is proving to be a problem – in a bid to maintain her lavish lifestyle, the image-conscious teen is reportedly dropping up to \$100,000 a week.

And that doesn't even include opulent one-off purchases like her fleet of luxury cars and her Calabasas mansion, or wages for her full-time house staff, minders, handlers and stylists.

Nope, it's all down to the extravagant nights out, international travel on private jets, cosmetic overhauls, designer clothes and jewellery, and picking up tabs for her broke beau Tyga.

Understandably worried about the dwindling bank account of the family's future money-maker, mumager Kris, 59, has called in a financial advisor to help control the spending!

Where's it all going?

The cars

\$440K

Kylie's just added a \$440,000 Rolls-Royce Ghost to her already impressive car collection. Her fleet now includes a \$440,000 Ferrari 458 Spider, a \$270,000 Range Rover, a \$175,000 Mercedes-Benz G63 SUV and a \$68,000 Jeep Wrangler Sahara!

Kylie can easily spend \$140k a week feeding her Cartier Love bracelet addiction and filling her wardrobe with designer clothes.

Money-minded
Kris is fuming!

"Kris worries that Kylie's headed for bankruptcy," an insider reveals.

"Kylie has absolutely no idea how to save money – she never even looks at her bank balance. She's always had so much that it never even occurs to her that she needs to worry about the future."

Sure, Kris has tried to teach her financial responsibility, with Kylie revealing – "My mum cut me off financially three years ago, so I pay for everything – my car, my gas and food, as well as my clothes" – but so far it's all been a fruitless exercise.

And it doesn't help that Kylie also has a freeloading beau

happily encouraging the cash splashing.

Indeed, the star is so smitten with 25-year-old Tyga that she even agreed to pay the \$70,000 rent owing on his LA home.

Plus, he had her foot the bill for the \$440,000 Ferrari he, er, gave her for her 18th birthday.

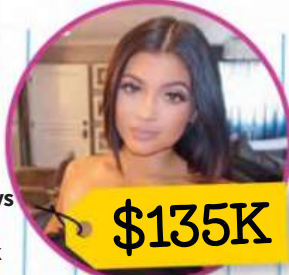

"Kris is surprised Kylie can't see how terrible Tyga is with money and how she may end up in the same boat if they keep spending the way he wants," reveals our insider.

"Kris is trying to get the whole family to talk some sense into Kylie. Before, she thought Kylie had to learn some lessons, but now she's really worried." ■

Kylie splashes \$35k a week on make-up artists and products. Then there's the rumoured surgery procedures such as lip-plumping injections and facial fillers, which add up to more than \$100k.

Cait and Kylie went crazy shopping in Beverly Hills on October 5.

Like father, like daughter!

If Kris is hoping her ex Caitlyn will back her up, she may be disappointed! Indeed, given Cait's penchant for shopping, it's easy to see where Kylie gets her expensive taste from!

The transgender star and her daughter were two glam peas in a pod as they hit up Beverly Hills boutiques last week. And Cait's made no secret of her struggles with overspending, especially following her divorce from money-managing Kris, who insists Cait was broke and owed a fortune in taxes when they first met!

"He's constantly buying his girls gifts," an insider said of Caitlyn, 65, before her transition earlier this year. "Everyone's trying to talk him into spending less, but he's doing things his way now."

Underneath the make-up, it seems Cait's still got a lot of Bruce in her...

This isn't the support Kris hoped for...

Hot or NOT

From the ridiculous
to the sublime

HOT

Miranda Kerr

She may be at the airport in LA, but Miranda's certainly channelling the Aussie spring with her gorgeous minidress. From top to toe, everything here looks amazeballs – girlfriend sure knows a thing or two about looking runway-ready. Geddit?

NOT

**Selma
Blair**

There's no missing Selma on the red carpet in this Oscar de la Renta number! Sadly, the beauty's features are drowned by this heavy frock, while the lace bustier and neoprene floral embroidery are just a little too tacky.

HOT

**Sarah
Jessica
Parker**

This style queen is the very picture of elegance en route to the ballet in New York in her Zuhair Murad gown, which shows just the right amount of leg. And forget the Manolo Blahniks – SJP's wearing her own signature heels!

NOT

Kristen Bell

Oh, Kristen. So much to work with – and then you go and do this. The actress dons an unflattering frock that seems to have been inspired by a fishing net hauled up off the ocean floor – complete with coral-esque heels. Once you sea it, you can't unsea it!

NOT

Courtney Stodden

We love *Orange Is The New Black* as much as the next gal, but this is just ridic! Poor Court has a beta carotene overdose on the red carpet. Leave it to the prisoners, hun.

BROUGHT
TO YOU BY
Tim Tam

Who wore it perfecter?

Femme fatale

It's a tale of two cut-out leather frocks, but model Joan Smalls (left) gets our vote with her striking red lip and extra length giving the peekaboo effect more mileage. Demi Lovato's look is edgy, and the shorter dress is flattering on her killer curves, but she plays it way too safe for such a racy number.

In the stars

This plunging Valentino starfish gown is hard to fault – which is why this contest is a such close one. Both Malin Akerman (right) and Shailene Woodley wear it perfectly, but Malin's lip and long necklaces deliver the goods.

Family battle

Looks like Mum's been raiding her daughter's closet again! Kris Jenner (right) steps out in this max-impact Balmain ensemble just a few months after Kim does, but she doesn't quite have the curves and, er, assets to win the battle. Better luck next time, Kris!

RiRi screams Hollywood glamour in front of a floral mountain featuring 400,000 stalks of delphinium – assembled inside the Louvre just for the 15-minute Christian Dior show!

PARIS FASHION WEEK

Zendaya rocks the Emanuel Ungaro show, while Lily Aldridge and Lily Donaldson (below) sparkle at the Vogue party

Hailey Baldwin

Who doesn't love a dress with pockets? This sleek Balmain number is the perfect shade for Hails's bronzed skin, while the gold-and-nude Balmain stilettos are to die for!

Kendall Jenner & Gigi Hadid

The BFFs are all over it! Kendall's sophisticated and flirty, pairing a long ruffled gown with velvet bodice and playful orange-red lip, while Gigi Hadid looks effortlessly party-glam in a bright Versace minidress.

Rihanna

It's lucky she was at the Christian Dior show, because RiRi's incredible oversize Dior coat-dress almost outshone the style on the runway. Paired with PVC boots and a fierce attitude, it's one of RiRi's finest fashion moments.

Kendall lets everyone know just what she thinks of Gigi's nonstop PDA with Joe Jonas!

A woman with long brown hair and a bright smile is the central figure. She is wearing a dark blue, sleeveless, high-necked dress with intricate lace detailing. The dress has a crop top and a knee-length skirt. She is also wearing a matching lace headband and gold strappy high-heeled sandals. She stands with her hands on her hips, looking slightly to her left. Behind her is a large, lush floral archway made of white and pink roses and greenery. The background is a solid light blue wall. The floor is dark wood, and white rose petals are scattered around her feet.

Spring Racing Essentials

Avoid dehydration this spring racing season

If you're planning a big day or night you may end up dehydrated; headache, fatigue and dizziness are all symptoms.

Alcohol is a diuretic that increases the amount of fluid you lose. Hydralyte helps replace fluid and electrolytes you may lose from drinking excess alcohol.

Drink Hydralyte before bed to help replace electrolytes and rehydrate effectively.

Stay hydrated and you'll feel the difference in the morning!

Always read the label. Use only as directed.
If symptoms persist consult your healthcare professional.

#HAIRSP0

If you're going to go big on race day with an OTT fascinator, crown or headband like Jesinta, slick your locks down and let that headpiece do the talking. Create your part and pull into a low pony with lots of hairspray – it's foolproof, fast and easy to DIY. If you prefer a boho beauty look, pair a wide-brimmed hat with loose waves like Hawko and Diane.

TOP TIP

A tong and dry shampoo will give you texture and fix flat or dirty locks in a flash

Trackside

chic Enjoy race day in style with **Hydralyte**.

Effervescent Electrolyte Tablets

Hydralyte is a scientifically formulated rehydration solution that can help manage dehydration, keeping away morning after headaches and fatigue. The Apple Blackcurrant flavour is ideal for race day as it won't clash with the taste of Champagne!

Make it memorable in a good way

Carry an elegant clutch, simple and sleek, with enough room for race-day essentials – your phone, form guide, a pen, powder, lipstick, emergency ballet flats and, of course, a tube of Hydralyte to help manage dehydration and headaches from too many bubbles.

Pace it out *Whoa, Nelly!*

Ensure you have a great day (minus the next-day hangover) by drinking plenty of water and some Hydralyte as required, to help avoid dehydration in the morning.

Fashion forward *clean up on the day*

Win on the track as well as in the fashion stakes. Choose a solid colour for your ensemble, or a bold print, but don't mess your look up with sequins, metallics or super-strappy numbers – it's the races, not a nightclub. As for shoes, opt for a comfortable wedge, which won't sink into the turf or leave you with aching feet.

Stay hydrated

As amazing as a cold glass of Champagne on race day is, too much can leave you **dehydrated. Think: crazy thirst, dry skin and bleary eyes. So not cool.**

Fact 1 Alcohol acts as a diuretic (a substance that increases urine output).

Fact 2 For every standard drink you consume (10 mg of pure alcohol), you are likely to urinate 100ml more than you drink, leading to dehydration.

Fact 3 Headache, dry mouth, fatigue and dizziness are symptoms of dehydration.

Fact 4 Hydralyte is an effective treatment of dehydration.

Rachael's
top tips

GET RACE READY!

We get the supermum's secrets to rocking a ripped rig at the track!

Pushing little Violet around gives Rach a great mini-workout

Saddle up, ladies. Racing season's upon us and that means wowing in your finest frocks – something Myer ambassador Rachael Finch knows a thing or two about! The Channel Seven presenter – who's mum to two-year-old daughter Violet – believes the key to looking fit following the fillies is de-bloating, getting your glow on and feeling fresh! Here, she shares her wisdom exclusively with *NW*.

'THE KEY IS TO DO SOMETHING PHYSICAL EVERY DAY'

What are your top tips for feeling slim on race day if you've only got a week to prepare? A week out from any event is all about clean eating and moving the body. When I'm exercising, I like working up to a sweat to remove any toxins from the body.

Do you ever detox? A detox for me is about stripping back meals to keep them simple and as close to their natural state as possible. It's important to flush out toxins from the body with fresh water and good quality produce, and increase your vegetable and fruit intake.

What workouts are you obsessed with at the moment?

I'm loving a mixture of circuit-training and cardio. I have been on the road for work a lot lately, so I've been compressing my workouts into a shorter time. I split workouts with cardio and circuit-training, and I choose exercises that work all parts of my body, including arms, legs, back and core.

How do you find the time? The key for me is to do something

Rach killed it at Sydney's Golden Slipper this year

RACE DAY

survival guide

De-bloat!

For the lead-up to the event, Rachael says, "I like to eat clean, simple food and avoid anything processed," which is a good idea if you want to feel comfortable on the day. Read on for our top tips for taming that tummy...

- Swap processed carbs like bread, cereals, cake and pastries for quinoa, nuts and pumpkin. Delish!
- Resist that evil temptress sugar, particularly fruit juices, candy and desserts.
- Salt can cause you to retain water, so lose it! Fare thee well, chips!
- Load up on healthy protein like lean meat, fish and eggs.
- Enjoy healthy fats like those in avocado and olive oil. Your skin will thank you!
- Try probiotics, which can be found in certain natural yoghurts, and fuel them with prebiotics, like those in chickpeas and bananas.

Healthy(ish) tipples

"I make sure I have a wholesome breakfast before leaving for the track and drink loads of water while I'm there," explains racy Rachael. If you're raising a glass for the occasion, here are some of the best options. Cheers!

RED WINE It contains around 300kJ per serve and a few antioxidants to boot!

CHAMPAGNE 350kJ per serve

MOJITO
Around 675kJ, or less if you ask them to go easy on the sugar

GIN AND TONIC 285kJ

Post-race replenishment

"As much as you feel like fried and fatty foods, my number-one tip for a healthy hangover cure would be a green juice and a wholesome brekkie with eggs, avocado, mushrooms and spinach," says Rachael. "Throughout the day, eat foods that are packed with vitamins and minerals so you can replace any you may have lost." Before bed, try drinking lots of water and consider using a hydrating supplement like Hydralyte (hydralyte.com.au).

PREP PLATE!

In the week before hitting the track, Rachael's day on a plate looks like this!

- BREAKFAST** Eggwhite omelette with tomatoes, mushrooms and spinach
- LUNCH** Salad of chicken breast with avocado, pumpkin and mixed veg
- DINNER** Grilled fish with steamed veg
- THROUGHOUT THE DAY** 2-3L of water between meals, plus a good-quality green pressed juice
- SNACK** Unsalted nuts, fresh fruit

physical every day. Even if I can't put my trainers on and dedicate an hour to exercise, it's still important to move the body in any way. I love walking to the grocery store with Violet or I'll park a little further from work and take the stairs instead of the elevator.

Do you try to make healthy choices on race day or are all bets off? It's easy to get sidetracked when it comes to health at the races. I enjoy small indulgences from time to time but overall I love staying on track with my food choices. I usually pack snacks like roasted nuts and pieces of fruit in my handbag in case I get stuck in sticky situations.

What's your top race-day survival tip? Wear shoes that you have already worn before to avoid blisters, drink water throughout the day and pace yourself!

YOUR Stars

The week ahead with **Adele Lang**

Libra SEPT 24 – OCT 23

Attempting to sort out a friend's problems puts you in danger of making things worse. What's more, less-than-stellar alignments suggest your good intentions could end up reflecting badly on you. So take a step away, if you can – there'll be fewer hard feelings on either side.

Capricorn DEC 22 – JAN 20

Anyone who tries to rein in your feelings will be on a losing wicket this week. Planetary patterns signal that solo endeavours are definitely the way forward for any Capricorn who's being thwarted. Once you do choose to go your own way, the naysayers will start backtracking big-time.

Aries MAR 21 – APRIL 20

You may be craving more mental stimulation than your job or partner can provide. This week, consider looking into night or weekend courses to help keep you on the straight and narrow. You, more than most sun signs, are prone to causing trouble when you're feeling bored!

Cancer JUNE 22 – JULY 23

You certainly won't be short of decent work opportunities in the near future – the only problem is you could be spoilt for choice. If so, ask employers for more time to consider your options. Then you can do plenty of research before you make your final decision.

Scorpio OCT 24 – NOV 22

The Moon's influence should help you get ahead over the next seven days. This is timely because you've got so many things you want to achieve. Your powers of persuasion are at their peak – especially when it comes to impressing people who can change your fortunes overnight.

Aquarius JAN 21 – FEB 19

Breathe a sigh of relief – recent romantic woes should be coming to an end! Now you can let up a little on the love front and focus on things you might have been neglecting. Projects at work may need a reboot, and your social life could do with revisiting for the first time in ages.

Taurus APRIL 21 – MAY 21

Just because Pluto's highlighting romance, you shouldn't neglect everything else in your life. Indeed, it might be wiser if you parked plans for love liaisons so you can focus on the mounting domestic chores and work tasks. A partner or suitor should be more than willing to wait.

Leo JULY 24 – AUG 23

Not everyone is going to like you, no matter how hard you try to win them over. However, stars suggest you'll have more than enough social gatherings to attend without trying to add another to your list. Go out and enjoy the love and support from the many friends you already have.

Sagittarius NOV 23 – DEC 21

Your financial situation isn't quite as bad as you may think. Sure, you're not going to be living a champagne lifestyle just yet, but you should still be able to have an occasional night on the tiles. While holing up at home might be good for your budget, it's not doing much for inner cheer.

Pisces FEB 20 – MAR 20

If you feel like someone is trying to manipulate you, they probably are. After all, Pisceans have instinct and intuition nailed. Your money planet Mars, in particular, warns of dodgy dealings by a so-called trustworthy person. Don't agree to anything until you've dug deep and found the truth.

Gemini MAY 22 – JUNE 21

Lunar activity could spell a bust-up with a friend or family member if you make a big decision without keeping them in the loop. Yes, your move is the right one – but at least pretend you're interested in hearing someone else's opinion. Who knows? It might turn out to be the same as yours...

Virgo AUG 24 – SEPT 23

You'll have plenty of admirers this week, but don't make the mistake of believing all the hype. Some people aren't being completely genuine with their words, nor are they being very honest about their present situation. This applies to potential employers as well as lovers.

DEMI
LOVATO

Too hot to handle!

MUSIC

Demi makes a flesh-flashing comeback!

Hotpants, bikinis and fishnets are **Demi Lovato's** wardrobe go-tos these days. And when she was criticised for being "too sexy" during her performance at the MTV Video Music Awards last month? It was music to her ears!

After battling her demons over the last few years and being open about eating disorders, Demi says she's now "proud of [her] body instead of loathing it".

You go, girlfriend!

"It's extremely important for me to even embrace my body and my sexuality with

showing more skin," adds the super-fit 23-year-old.

And it isn't just Demi's body image that's on the up. Her latest single *Cool For The Summer* topped the *Billboard* Dance Club charts, and if its sexually suggestive lyrics are anything to go by, her new album *Confident* is going to be seriously steamy!

What's more the star's five-year on-off relationship with actor **Wilmer Valderrama**, 35, has never been stronger.

"With Wilmer, I'm the happiest that I've ever been, so that's all that matters to me," she says.

Wow, it sounds like Demi's kicking all the life goals!

TOM'S LETHAL DOUBLE ACT! #swoon

We've got a major thing going on for **Tom Hardy**, so the fact that we get two for the price of one in his latest movie *Legend* – in which he plays infamous London gangster twins **Ronnie** and **Reggie Kray** – is a huge plus.

Set in the swinging '60s, it's all glamour, fights and shootouts washed down with some good ol' Cockney humour as the East Enders prepare to take over the town. What's more, it's pretty clever – and slightly freaky – how Tom manages to play both brothers in the same frame!

Sure, the hottie might have caused controversy recently when he shut down a reporter who dared to ask about his sexuality, but we can't help but love a bad boy – and Tom does bad so good!

SNOW FORECAST

Kit Harington is keeping us guessing as to the future of his role as Jon Snow, but given that he was spotted filming – in Stark-style clothing rather than his Night's Watch attire – it seems he somehow survived the brutal stabbing at the end of the last season. Let the conspiracy theories commence!

BRAN'S BACK!

He was absent for Season Five but Brandon Stark (**Isaac Hempstead-Wright**) makes a big return in Season Six – and boy has he grown up! "I can't say a lot, but I am back this season and it's going to get particularly interesting with Bran," teases Isaac. "He has some interesting visions."

IT'S EPIC!

GoT gets our hearts pumping at the best of times, but according to **Emilia Clarke** – who plays power-hungry mother of dragons Daenerys – Season Six will be more action-packed than ever. "It's all go, go, go! Shocking moment to shocking moment. Epic moment to epic moment," she says. "It's epic." And breathe...

GIGI

'I REFUSE TO BE SCARY SKINNY!'

The model has no interest in the thigh-gap trend!

Gigi Hadid has defo got our body goals covered. While her model rivals seem desperate to maintain whipper-thin limbs and wasp waists, the 20-year-old's toned-yet-curvey figure throws shade at the whole skinny obsession.

Add to that jetting around the globe, cuddling up to beau **Joe Jonas** and hanging with famous besties like **Taylor Swift**, and we kind of want to be her.

Here, Gigi tells *NW* all about her enviable life...

You hit back at body shamers recently, but you must feel a lot of pressure to be super skinny? On day one as a model I was like, "This is what I want to do with my career – I am not going to lose a certain

amount of weight and I am not going to be extremely skinny. I just don't want to do that." I have always been an athlete and had a certain body type that I have been happy with. I didn't want to let that go for a career.

How far would you go to get a modelling job? If my body type isn't right for it and they want me to change, they can find another girl. For the Victoria's Secret Show, I will box and I will eat healthily every day and that's great. I am happy to do that. But if they were ever to ask me to go further – or any other company for that matter – no way.

You're really close to Kendall Jenner – how long have you known the Kardashians? Our families were always connected, although we never really got the

opportunity to hang out as kids. We're really excited and supportive for each other. Our beauty contracts came in around the same time, so it was fun to celebrate that together.

Your sister Bella is a model, too. Is there any sibling rivalry there? I don't really find that I get competitive with Bella or my friends. The cool thing is that my sister and I don't look exactly alike. We have realised we are on two different paths. Our parents are happy for us to do it together and to be there for each other.

And what's it like being up on stage with your squad mates like Taylor Swift? Awesome! My inner 14-year-old is dying because I have always sung along to Taylor's songs! ■

Hi Brandi

*I've been with my fiancé for five years and have recently been spending a lot of time with his sister because she's helping out with the wedding plans. But the more time I spend with her, the more I like her and I think I've fallen for her! She's a lesbian and I didn't think I could ever have feelings for a woman like this, but I can't ignore the crazy chemistry. Do you think it's just wedding jitters or should I be seriously thinking about calling it off? **Trish, WA***

"Congrats on your engagement! You're getting married and that's every young girl's dream. Now you're having every young adult woman's fantasy of being with another woman. You're what I call 'try-sexual'. I'd say this is a healthy curiosity that should not be acted upon. If you find yourself attracted to another woman down the road, invite her for a play date with you and your happily married husband!"

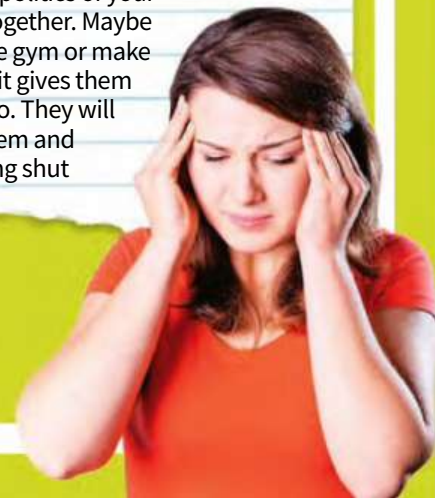

Hi Brandi,

*I feel like I've got too many friends! I'm really trying hard to concentrate on my career but I don't want to be rude to people by ignoring them. And I've got loads of new work people I need to make an effort with. What should I do? **Amy, Vic***

"There are so many lonely people in this word – you should count your blessings! The best thing to do is let your old pals know you're slammed at work and have to be social with new colleagues because of the politics of your job. Don't tune out old pals altogether. Maybe ask old friends to join you at the gym or make one night a month for them so it gives them all something to look forward to. They will then realise you still think of them and they aren't just completely being shut out. Trust me, it works!"

In true Essex style, megababe Jess Wright hasn't shied away from the odd cosmetic procedure, currently rocking a very taut brow and huge bazookas! She's also one of the only original cast members left on the show, but it looks like she might be on the brink of leaving, too! NEW BOY, NEW BOOBS

Lauren Goodger might have split from Mark Wright yonks ago, but she's still pretty bitter about the whole Michelle Keegan wedding thing. Still, after being publicly told to shut up by her ex, the yoyo dieter's bounced back with a hot new bod and an equally hot new guy! Now loved up with her man Jake McLean and sporting a rack to die for, she's also rolling in it thanks to her fake tan range. Onya, girl!

HEARTBREAKER TURNED HUBBY

Mark Wright always fancied himself as the main star of the show, especially when there was that huge story line where he nearly married his high school sweetheart Lauren Goodger. After some almighty fights, they finally split and he left the show in 2011 - which made Arg ugly-cry! - and went on to become a big TV star. But perhaps his most defining moment was wifing ex-Coronation Street star Michelle Keegan, much to Lauren's disgust!

TOWIE our lives

They were trashy and deliciously turbo-tanned when *The Only Way Is Essex* first kicked off, but a lot can happen in five years. In fact, this lot are now multi-millionaires! Shut uuup!

VAJAZZLER NO MORE!

She's always loved fillers and Botox but ditzy beautician Amy Childs turned out to be more than just a pretty pillow face. The 25-year-old was one of the first stars to move on from *TOWIE* and go it alone, quickly moving from vajazzling her vajayjay to growing her own clothing and beauty empire. Her image got a makeover, too – since getting a top celeb agent, she's even kinda sophisticated!

FROM PARTIES TO PARENTING

It's been a rough ride for Sam Faiers, who had to abandon her party lifestyle after being diagnosed with Crohn's disease. "I definitely drink less than I used to," she says. "But I'm quite strong – I'm not an ill person." The 24-year-old has plenty to smile about these days, having made a fortune from business ventures like her fake tan line, and with a baby on the way to boyfriend Paul Knightley. "I'm grateful to *TOWIE*," she says.

SETTLING DOWN

Kirk Norcross has not only dipped in and out of *TOWIE* over the years, he's also appeared on *Celebrity Big Brother* and *Ex On The Beach* – so he clearly loves a good reality show! The handsome lad, who used to date Amy Childs, recently confirmed he's engaged to his pregnant girlfriend Holli Willis. "It feels like fate – we're very much in love and I'm off the market for the rest of my life," he says. Aww!

Who could forget Joey?

CASHED-UP CUTIE!

He's not the sharpest tool in the box, but Joey Essex's unique style and ability to coin terms like "reem" and "salty potato" made him a huge star! The emotional 25-year-old, who was engaged to Sam Faiers until she made him cry too many times, says *TOWIE* made him the man he is today. "Without the show I'd probably be working in a fish market!" he admits. The wealthy clothing entrepreneur's gone on to *I'm A Celebrity...* and even land his own show, *Educating Joey Essex*.

She would have gone home after that date and started imagining a future with him. He's such a gentleman and so unassuming. But he didn't help himself by playing up all the time, like pinching the guys' bums on the group date. His arguments for being there were also unconvincing. It's like he rehearsed what he thought she wanted to hear. He just kept saying, "Trust me," but I wouldn't have trusted him. He's young and fun and was having a ball. He'll be lapping up the girls after finding a bit of fame on the show!"

BROOKLYN

Game of clones

Noah posted this near-seamless mash-up on Instagram.

Have David and Victoria Beckham been hiding away a secret love child all these years? That'd be fab, but sadly, no, — meet US teen Noah Shaw, 14, who's a dead ringer for their son Brooklyn, 16. And he knows it! "Tell me in the comments if me and @brooklynbeckham look the same," he wrote. Eerie!

That's one way to hail a TAXI

Phwoar! If you've ever had trouble flagging a cab, take a cue from supermodel Gigi Hadid and make sure the driver can't miss you! The face of Maybelline New York makes a great hood ornament as she poses on a yellow taxi in the Big Apple. As for where she gets her traffic-stopping hotness, maybe she's born with it...

FROM HUNK to chunk!

Even ripped action men like Vin Diesel allow themselves the odd time out from body sculpting! The star looks to have swapped his sixpack for a keg as he hangs out on the balcony of his Miami hotel. Fewer fast and furious workouts, but more Vin to love — yep, Mr Diesel still revs our engines!
